

Rebecca M. McNeill

Founding and Managing Partner

Expertly advocating for her clients, Rebecca translates innovation into value

With more than 22 years of experience in biotechnology patent prosecution and counseling, Rebecca offers intellectual property strategy, new application preparation, patent prosecution (US and foreign), preparation and negotiation of IP transactions, USPTO contentious practice, and the full scope of counseling services to clients of various sizes. Rebecca has earned a reputation for excellence in her field, having been recognized as an IP Star by Managing Intellectual Property and ranked with an AV Preeminent® Peer Review Rating from Martindale-Hubbell.® Rebecca has been described as protecting inventions in a “commercially viable and strategic way” and having “excellent attention to detail and quality of work.” Rebecca “quickly wins—and maintains—the trust of those she works with.” She has a special interest in counseling clients on patent application filing and developing worldwide prosecution strategies in concert with clients’ business goals. She has worked with biotech start-ups, research foundations, universities, and pharmaceutical companies. She has managed and directed the US and international patent portfolios for US clients and has overseen the US patent portfolio for international clients. Rebecca has also expertly resolved material errors made by others in transactions with the US Patent and Trademark Office, in applications under the PCT, or in foreign patent prosecution, including filing errors and errors in the payment of maintenance or annuity fees. Rebecca also has experience in litigation and USPTO contentious proceedings. Rebecca also enjoys her role as McNeill Baur's managing partner, where she focuses on making the firm a positive place for our employees to come to work each day.

(CAVC)

Education

Georgetown University Law Center
JD, cum laude, 1997

Duke University
MS, Pharmacology, 1993

Oberlin College
BA, Biology, 1991

Rebecca has substantial experience in many technical areas, but has focused primarily in the life sciences, with specific areas including: antibodies and variants; bacteriotherapy and probiotics; cell signaling and signal transduction; coagulation proteins; cosmetics and consumer health products; diagnostics and detection methods; electrochemiluminescence assays; fusion proteins; gene mutations; gene cloning and expression; genetic engineering; immunooncology; infectious diseases; liposomes; markers and the molecular bases of diseases; microbiology; neuroscience; new methods of treating diseases and new uses for known compounds; protein purification; salt forms of pharmaceutical compositions; single molecule sequencing; small molecule therapeutics; and vaccine technology.

Prior to founding McNeill Baur PLLC, Rebecca practiced law at another small firm. She also served as the Head of Intellectual Property and Legal Affairs at Seres Health, Inc., a microbiome company. Rebecca defined and executed the IP objectives, strategy, and plan for Seres Health, including filing new applications, providing freedom-to-operate assessments, and drafting and negotiating a wide variety of agreements. Rebecca also spent 17 years at Finnegan, Henderson, Farabow, Garrett & Dunner, LLP.

Rebecca, leading our Massachusetts office, has made significant corporate sponsorships to the Museum of Science, Boston and the BioBuilder Educational Foundation Apprenticeship Challenge to invest in the next generation of inventors. Rebecca also has a strong dedication to pro bono legal services and sponsors the Massachusetts office commitment to Greater Boston Legal Services at the Leadership League level. Rebecca has also represented individuals needing pro bono legal services, including first-chairing a felony criminal trial and obtaining increased benefits for disabled veterans.

Rebecca M. McNeill

Rebecca has held prominent leadership positions in a variety of organizations, including as Immediate Past President of the Boston Intellectual Property Law Association (BIPLA) (formerly known as the Boston Patent Law Association (BPLA)), President, President-Elect, Vice President, Treasurer, Secretary, and Member of the Board of Governors of the BPLA (2018-2022), co-chair of the Boston Patent Law Association Biotechnology Committee (2017), co-chair of the Boston Patent Law Association Chemical Patent Practice Committee (2013-2016), co-chair of the MassBio IP Committee (2011-2012), DC Bar Board of Governors (2007-2011), DC Women's Bar Association Foundation Board Member (2007-2008), and Women's Bar Association of the District of Columbia (Board member, IP Forum co-chair (2001-2007)).

Rebecca also serves as a US Ski and Snowboard L200 certified cross-country ski coach and member of the Board of Directors of Eastern Mass Cross Country (EMXC), an organization dedicated to promoting ski education, competition, and cross-country skiing as a healthy lifelong family sport.
